* Asahidake at dawn

←Jan 26th 7:27 from nearby Sugatami station

During the second half of January, fine weather had been continued than December when the snow was falling almost every day. I hiked up toward Asahidake from early morning and took the photo of sun at mountain ridge. I could also see the halo in the dawn twilight.

Jan 26th 6:58 From B course →

The sky had become much brighter, and beautiful Tokachi mountain range could be seen from the course. It was very quiet because there was no wind. The time of dawn is coming earlier and the days are getting longer.

* Ski course status

↑ From Asahidake Ropeway HP

Course A and Course D has been closed, The snow groomer is not going on yet. (as of Feb 3rd)

Bush still can be watched on the side of the course. Please be careful especially when visibility is poor.
