***Snowcap (Hatsukansetsu in Japan)**
The first day when the peak of mountain is covered with snow after August. When it can be observed by local meteorological observatory, It will be authorized as record.

The average date of first snowcap in Asahidake is September 25th, but in this year, it was observed late. In mid-October, a lot of snow fell in the hot spring town, It became suddenly a winter scene.

Status for cross country ski course

The warm weather has been continued at Asahidake area even in November. (temp. 8 °C at 11:43 8th Nov)
 We have received a lot of inquiries about the snowfall, but as of November 8th, there is almost no snowfall on the course ... Normally, the training camp is about to begin, but this season in seems to be late.

↑ A status of the cross country ski course on 8th Oct.
 There is almost no snow, puddle in the course was covered with thin ice.
