Nearly there

The snow has been piling up in Asahidake area since mid-November. We have received many inquiries about the status of the cross country ski course.

On Saturday, November 20th, It snowed a little, but the course was crowded with many athletes and youth skiers.

According to the athletes, "The snow is not enough, but it's good condition for skiing compared to last week." We hope it snows more, we're nearly there!
